AIRFORMS ENGINE BAFFLES CATALOG

About Airforms:

Airforms, Inc. manufactures aircraft parts for general aviation aircraft and holds FAA Part Manufacturing Authority. Our quality control system is approved and monitored by the Federal Aviation Administration. High standards and close tolerances are held on the parts we manufacture and have been the key to the company's rapid growth and success. While our main focus has been aircraft related, we are not limited to this and are open to any projects that fall within our areas of expertise. Airforms Inc. is staffed by highly skilled craftsman with a broad range of manufacturing and design knowledge. Following is a basic list of products, services and capabilities.

Airforms Capabilities and Equipment

- Precision sheet metal cutting and forming using computer aided design and computer aided manufacturing (CAD / CAM).
- CNC turret punch capable up to .125 in. thick material. Tolerances to +/- .004
- CNC press brake capable up to .250 in. thick material. Tolerances to +/- .004
- Extremely precise tig welding of all aluminum and steel alloys from .010 to .5 in. thick.
- Metal forming. • Tool and die making, Master Tool Maker on staff.
- Powder coat finishing of parts.
- FAA approved quality control system in place.
- Computer aided drafting.
- Design and engineering of components.
- CCR registered.

Our baffles are FAA/PMA approved and constructed using 6061-T6 aluminum with many improvements over the factory aircraft engine baffling. (Such as steel brackets where aluminum ones were cracking, hard rivet construction and improved fit to increase the engine cooling.)

Our aircraft engine baffle seals are fiberglass reinforced ,high temperature silicone available in orange, dark blue and black. The seals are attached to the aircraft engine baffles with hard rivets and a half inch backing plate.

PMA APPROVED MODELS FOR CESSNA:

C-150

Eligibility:

(with prop spacer) 1959-1970 -Serial Number 17001 thru 15072003

(without prop spacer) 1971-1977 -Serial Number 15072004 thru 15078506

C-152

Eligibility:

152: Serial Number 79406 thru 85940

A152: Serial Number 0735 thru 1028

F152: Serial Number 01429 thru 01952

FA152: Serial Number 0337 thru 0387

C-170

Eligibility:

170A: Serial Number 18730 thru 20266

170B: Serial Number 20267 thru 27169

C-172

Eligibility:

172 EARLY: Serial Number 28000 thru 47746

172 I,K,L: Serial Number 17256513 thru 17260758

F172: Serial Number F17200755 thru F17200805

172M: Serial Number 17260759 thru 17267584

F172: Serial Number F17201235 thru F17201514

172N: Serial Number 17267585 thru 17274009

F172: Serial Number F17201515 thru F17202039

172P: Serial Number 74010 thru 76673

F172: Serial Number F172-02040 & on

C-177 FIXED GEAR

Eligibility:

Serial Number 17700001 Thru 17701164

C-180

Eligibility:

Serial Number 32151 thru 53203

C-182

Eligibility:

182: 1958-1973 Serial Number 34754 thru 18261426
