

Smooth Solutions to Complex Maintenance Requirements

Offering the most comprehensive range of aircraft lubricants from any single source: aviation greases, turbine oils, hydraulic fluids, preservatives, general purpose lubricants, anti-seize compounds. In packages ranging from 14 oz cartridges to 400 lbs./55 gal. drums.

Our professional service staff can recommend a ROYCO® product to meet or exceed specifications for almost any application. Many of our products are qualified under stringent standards required by US Military and aerospace programs. For special needs, we will work with you to develop lubricants designed precisely for your application including special container sizes where they can add to maintenance efficiency. Royco products are readily available from aviation parts distributors located at many airports, from a nationwide distributor network and direct from Anderol. Since the dawn of the jet age, Anderol, Inc. has been a leader in developing lubricants and aerospace maintenance products to meet or exceed the increasing demands of jet age propulsion in both civil and military applications.

Save on a full line of top quality maintenance products competitively priced. Save by dealing with one supplier. Save by consulting our professional service representatives for stock or custom products and shipping schedules to meet your needs.

Royco products are qualified under the latest MIL-spec revision levels unless otherwise specified.

Aviation Greases

Part No.	ROYCO® Product	Military Specification	Size	Description
43-6LB	43	MIL-G-4343	6 lbs.	Pneumatic system grease, rubber to metal
32-1-75LB	32	MIL-G-6032 Type 1	1½ lbs.	Fuel, solvent, and oil resistant plug valve grease
11MS35LB	11MS	MIL-G-7711A + MoS2 (obs)	35 lbs.	Aircraft general purpose extreme pressure grease
64-6-5LB	64	MIL-G-21164	5 lbs.	High load aircraft grease containing molybdenum disulfide (MoS2)
49-35LB	49	MIL-G-23549	35 lbs.	General purpose extreme pressure grease
27CTG	27	MIL-G-23827C Type 2	14 oz. cartridge	Aircraft and instrument, gear and actuator screw grease
27-6-5LB	27	MIL-G-23827C Type 2	5 lbs.	Aircraft and instrument, gear and actuator screw grease
27-35LB	27	MIL-G-23827C Type 2	35 lbs.	Aircraft and instrument, gear and actuator screw grease
27-1-75LB	27	MIL-G-23827C Type 2	1½ lbs.	Aircraft and instrument, gear and actuator screw grease
13CF35LB	13CF	MIL-G-25013	35 lbs.	Wide temperature range ball and roller bearing grease
13CF1-75LB	13CF	MIL-G-25013	1½ lbs.	Wide temperature range ball and roller bearing grease
22CFCTG	22CF	MIL-PRF-81322F	14 oz. cartridge	General purpose synthetic based grease
22CF6-5LB	22CF	MIL-PRF-81322F	5 lbs.	General purpose synthetic based grease
22CF35LB	22CF	MIL-PRF-81322F	35 lbs.	General purpose synthetic based grease
22CF1-75LB	22CF	MIL-PRF-81322F	1½ lbs.	General purpose synthetic based grease
22MS35LB	22MS	MIL-G-81827	35 lbs.	High load capacity synthetic based grease
10-1-75LB	10	Commercial	1½ lbs.	High temperature fluorosilicone gear lube and bearing grease
201-1-75LB	C-201	Commercial	1½ lbs.	High temperature fluorosilicone grease and spline lubricant

Hydraulic Fluids

Part No.	ROYCO® Product	Military Specification	Size	Description
756-1QT	756	MIL-PRF-5606H ¹	1 quart	Superclean hydraulic fluid, petro based
756-1GL	756	MIL-PRF-5606H ¹	1 gallon	Superclean hydraulic fluid, petro based
756-5GL	756	MIL-PRF-5606H ¹	5 gallons	Superclean hydraulic fluid, petro based
7561AGL	756A	MIL-H-5606A	1 gallon	Red hydraulic fluid in resealable square can
783-55GL	783	MIL-PRF-6083	55 gallons	Superclean hydraulic fluid, petro based — preservative grade
717-5GL	717	MIL-DTL-17111	5 gallons	Hydraulic power transmission fluid for ordnance systems
770-55GL	770	MIL-PRF-46170-Type 1 (undyed)	55 gallons	Preservative grade synthetic hydrocarbon hydraulic fluid
782-1QT	782	MIL-PRF-83282	1 quart	Fire resistant synthetic hydrocarbon hydraulic fluid
782-1GL	782	MIL-PRF-83282	1 gallon	Fire resistant synthetic hydrocarbon hydraulic fluid
SSF5GL	SSF	BMS 3-32 Type I	5 gallons	Shock strut fluid, preservative grade
LGf5GL	LGf	BMS 3-32 Type II	5 gallons	Landing gear fluid, in service applications
777-5GL	777	MIL-PRF-87257	5 gallons	Fire resistant, low temperature, synthetic hydrocarbon hydraulic fluid
