

Vending Solutions

Automated weight-based dispensing with managed accountability.

Using industry-leading weight-based sensing technology SupplySystem Scale Module™ delivers absolute accountability at the item level with amazing ease-of-use. SupplySystem Scale Module quickly and accurately calculates the number of items taken, returned, or restocked, with no repackaging or tagging needed. Differential weight based technology eliminates ghost transactions due to environmental issues: humidity, temperature, vibration.

SupplyScale Delivers

Quick and easy access

- Intuitive menus and prompting mean minimal steps for set-up and load
- Eliminate individual item counting for rapid-refill

Improved accountability

- Extremely accurate
- Locked doors on every module to avoid cross contamination

Outstanding value

- Manage higher quantities of smaller items more cost effectively
- Lower TCO (Total Cost of Ownership) than other options

Features

- Inventory count automatically adjusted upon completed transaction
- Pick-to-Light functionality on all door locations
- Supports multiple module configurations
- Minimal calibration maintenance
- Supports up to 32 scale modules per controller
- Scale module conversion kits not currently available

Pick-to-Light technology and scale operating icons guide users.

Flashing red icon indicates scale is reading

Solid green icon indicates stable read

Red icon indicates unstable/movement

The SupplySystem can be ordered with scale modules.

SupplyScale is a great solution for fasteners, fittings, tooling and welding supplies, and critical spare parts; it quickly and accurately calculates individual items or handfuls of inventory being taken or returned.

Applications

Fasteners • Fittings • Welding Supplies • Cutting Tools • Spare/Critical Parts
 Electrical Connectors and Terminals • Sensors • Safety Equipment Bearings
 Abrasives • Switches • Tool Return Verification • Nuts, Bolts, Rivets
 Consumables • Valves • Bin Stock • And many more!

Dimensions are based on usable space

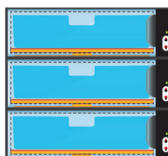

1 Door Bucket

11.96" H x 11.73" W x 11.43" D

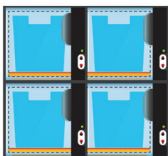

2 Door Bucket

4.92" H x 12.71" W x 12.41" D

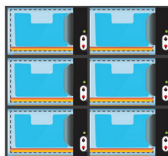

3 Door Bucket

2.29" H x 13.08" W x 12.78" D

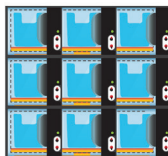

4 Door Bucket

4.92" H x 4.86" W x 12.41" D

6 Door Bucket

2.29" H x 5.23" W x 12.78" D

9 Door Bucket

2.29" H x 2.51" W x 12.78" D

Other scale based options available

This industry-leading weight-based sensing technology can also be incorporated into drawer-based solutions, including 2, 4, 8, 16 and 24 lid options and 2.5", 4.5", 6.5", and 8.5" usable depth drawers. SupplyScale® is shown.
